

## **BUGGY POLICY 2021/22**

If a member wishes to use their own buggy, then this will be allowed **with prior approval** and based on the conditions outlined below.

There will be a fixed cost of £500, unless a BLUE BADGE HOLDER. This amount is payable up front and will **not be prorated regardless of when paid**. You must also provide a copy of your insurance. Likewise, if a buggy is not utilised for part of the year there will be **no refund**. The golf buggy year runs alongside the annual membership i.e. February to February.

For BLUE BADGE HOLDERS the same rules apply as above, but the cost will be halved to £250.

Therefore, for the avoidance of doubt, if you wish to use your own buggy the cost will be £500/£250 as applicable payable when you provide your insurance document. Once paid, this will enable you to use your buggy until the following February.

Buggies ideally should not be left on site, but again we do have limited spaces where personal buggies can be parked. This will be **limited to 5** and will be on a **strictly first come first served basis**.

Should you wish to leave your buggy on site then please request one of the spaces when registering your buggy. Once capacity is filled, we will not be able to offer this facility. Any buggies left on site that have not been allocated a space will be removed.

Please also note that the allocation of a space will not be an automatic right the following year.
